- Explain according to the career goal you have designed for yourself
- Explain the difference between your previous master subjects and proposed master.
- Or if any specialization subject you have picked to master

You are going for studies after gap of few years. Why you are going after such long gap? What were you doing in these gap years?

- Explain according to situation & pointing towards interest in education which will help in career.

Why you want to study 2 year Master degree as compared to 1 year Master ?

Student can mention two year course has better course structure. Normally 1 year course is very intensive and by time we adapt to IRELAND education system have already completed lot of studies. Also 2 year masters is more recognised in India because other countries are also offering 2 year Masters like USA, Australia. We got good feedback from students who are studying 2 year masters in IRELAND. The 2 year Masters also includes project work/ internship which will be beneficial when we come back to India.

What are your Career plans?

- Will Come back to India
- Name few good companies in where you will wish to work.
- Name few Job Titles which you are aiming for and also expected salary.
- If any student is stating he will start his business then visa officer would definitely like to know more details on his business plan like what will be the capital requirement, how will you arrange the funds for business, what will be the product, how many employees will be needed, what will the office space needed and more related questions.
